To whom it may concern,

We have collaborated with Davis Constructors & Engineers, Inc. for over 15 years on projects ranging from small interior tenant improvements and 14 story office buildings to fully integrated and functional hospitals. Throughout all of these design and installations Davis Constructors and Engineers has brought their knowledge, experience and a level of integrity that is without equal. Every project that we have worked on with Davis has been completed on time, on budget and more than met the expectations of the Owners.

Davis has built a culture of excellence that they bring to every project, you will be hard pressed to find a better or more qualified team of individuals dedicated to providing the highest quality construction projects in the tough Alaska environment.

With all this in mind we would highly recommend you utilize the Davis team on your project. We have no doubt if you do you will not be disappointed. Please do not hesitate to call if you would like any further information or have any question on this matter, we can be reached at (907) 865-7900

Sincerely,

Thomas C. Allen P.E.
Principal Electrical Engineer
